

RABIA SHAIKH

IT PROFESSIONAL | AI ENGINEERING, MANAGEMENT & CORPORATE TRAINING SPECIALIST

Karachi, Pakistan | r.abia537193@gmail.com | 0316-2408988 | linkedin.com/in/rabia-shaikh-0567833a6 | github.com/rabia537193-gif

PROFESSIONAL SUMMARY

Highly motivated and versatile IT fresher combining technical expertise in Software Engineering and Artificial Intelligence with strong capabilities in Business Management, Technical Sales, and Academic Mentorship. Certified in AI/ML from SMIT and holds a comprehensive Software Engineering diploma from Aptech. Possesses a natural talent for training and translating complex technical models into clear business frameworks. Uniquely positioned to deliver substantial value across technical consulting, IT mentorship, corporate sales, and project coordination roles.

CORE SKILLS PORTFOLIO

AI & Technical Engineering: Python, Machine Learning (Regression, KNN, Decision Trees), Deep Learning, Data Analysis, SQL Server, HTML5 & CSS3

Management, Sales & Training: Corporate & Technical Sales, Lead Generation, Public Speaking, Academic Tutoring, Lesson Structuring

Data & Visualization: NumPy, Pandas, Scikit-learn, Statistical Charting (Matplotlib), Data-Driven Analytics

Productivity, Admin & Mentorship: MS Office (Word, PowerPoint), MS Excel Data Entry, Classroom Coordination, Student Engagement, Communication

TECHNICAL PROJECTS & HANDS-ON LEARNING

Machine Learning & Systems Developer

Independent / Project-Based

Applying Data Science, Analytical Logic, and Mentorship Frameworks

Karachi, Pakistan

- **Project Portfolio (GitHub):** Developed and published open-source repositories including a Library Management System, Email Spam Classification, Titanic Survival Prediction, and multiple Housing Price Prediction models.
- **Model Construction:** Built and trained predictive Machine Learning models using Python, implementing foundational algorithms including Linear Regression, KNN, and Decision Trees.
- **Data Handling & Tools:** Utilized Python libraries (NumPy, Pandas) alongside MS Excel to cleanly organize, format, and preprocess tabular datasets for seamless analysis.
- **Educational & Corporate Translation:** Practiced breaking down complex AI logic, algorithm behaviors, and system math into simple, step-by-step documentation and easy-to-understand explanations.
- **Presentation & Public Speaking:** Designed structured educational slide decks using MS PowerPoint to visually interpret statistical charts (Matplotlib) and complex IT workflows.

EDUCATION & CERTIFICATIONS

Specialization in Artificial Intelligence (AI) & Machine Learning

— Saylani Mass IT Training (SMIT) - Zaitoon Ashraf IT Park

Diploma in Information Technology (IT) & Software Engineering

— Aptech Computer Education (Institute of Information Technology)

Higher Secondary Certificate (HSC) - Humanities

— Green Belt Degree College

Secondary School Certificate (SSC) - Computer Science

— The Educators School

PROFESSIONAL COMPETENCIES

- **Instructional & Mentorship Excellence:** Strong pedagogical approach with an innate ability to teach computer science topics, guide learners, and manage classroom/group dynamics patiently.
- **Administrative Coordination:** Skilled in structured group planning, active listening, business communication, and managing documentation templates.
- **Linguistic Fluency:** Confident public speaker with bilingual corporate and academic fluency in both English and Urdu.
